Sausages 1 - Wurstsalat 1 *(Lisa wants to prepare something special for her party. And as she finds plenty of sausages in the pantry of her parents she decides to make a new type of salad. Why not do it with the feet? So she picks up plenty of her shoes and crushes the sausages - and also some delicious cucumbers - with the different sole profiles of her sneakers and hoes. That works out very well, and the dirt from the soles of her shoes and sneakers works like a flavour enhancer and gives it a special taste.)*
